Overview

The My Nayatel app offers Nayatel customers with a comprehensive mobile solution for account management, allowing them to track internet and phone usage, and submit complaints and feedback for quick issue resolution.

The app simplifies billing management by providing easy access to current bills, payment history, and tax certificates, along with convenient payment options and a user-friendly interface.

- Current Bill
- Payment Options
- Billing Management
- Parked Amount

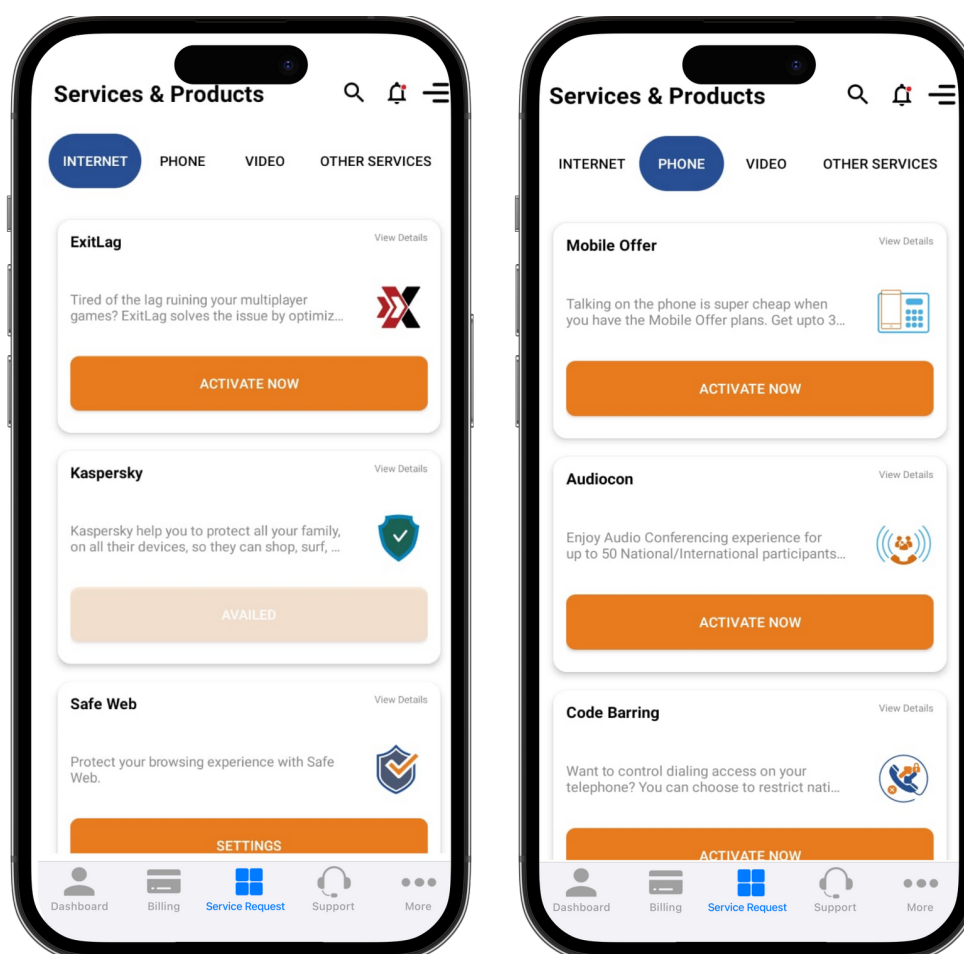

Services

The Nayatel app simplifies access to a wide range of services and products, organized into categories such as Internet, Phone, Video, and Other Services. Users can explore and activate features like ExitLag for gaming optimization, Kaspersky for device security, mobile offers, and more. Users can easily discover and manage services that enhance their connectivity and digital experience.

- ExitLag
- Kaspersky
- Safe Web
- Mobile Offer
- Audiocon
- Code Barring

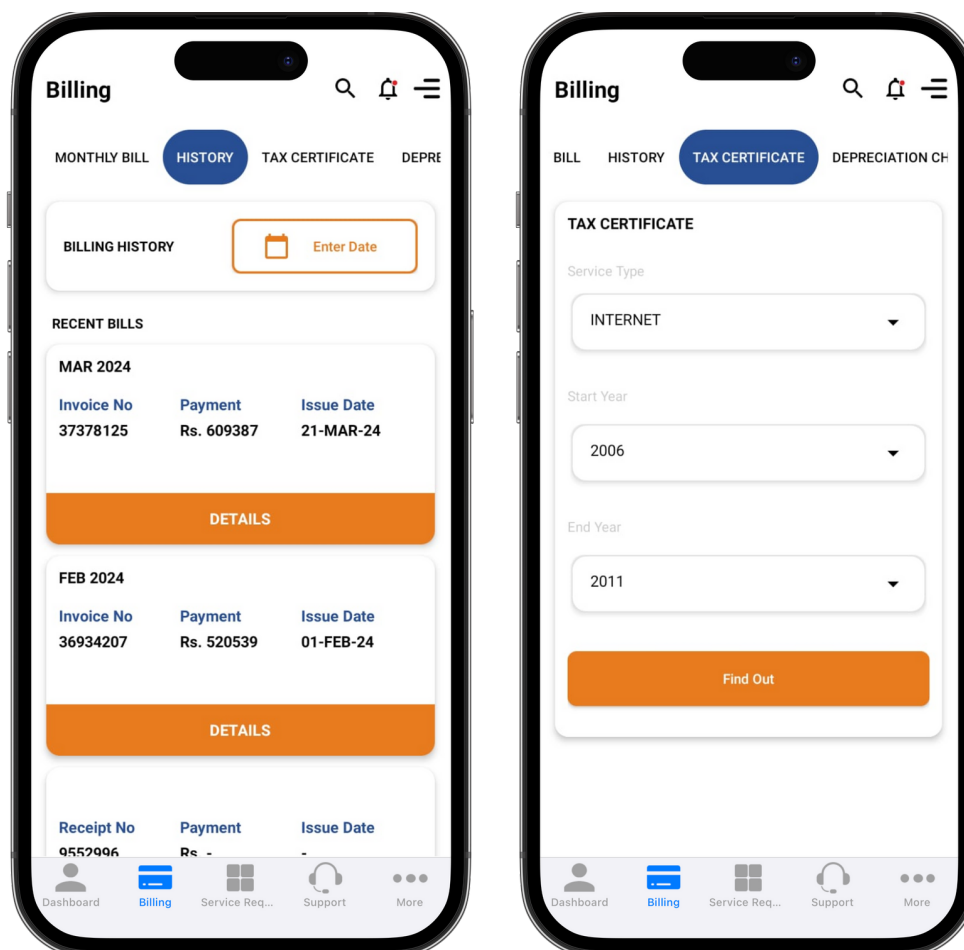

Billing & Tax

The Billing History section of the app allows users to review their recent bills with ease. It provides detailed information such as invoice numbers, payment amounts, and issue dates. This organized view helps users keep track of their financial transactions and ensures they are up to date with their payments, enhancing transparency and accountability.

The Tax Certificate section simplifies tax document generation by allowing users to select the service type and specify the years. This user-friendly feature ensures easy access and retrieval of tax records, promoting efficient financial management.

Network Control

The Nayatel app provides users with easy access to network insights and controls. With sections like Reports & Info and Network Management, users can view usage reports, manage connected devices, and optimize Wi-Fi effortlessly. Designed for simplicity, the app ensures seamless navigation and enhances the overall network management experience.
